TROJAN

Property of
Donald H. Bethel

Mr. Bethel

Best of luck to
a real nice mom
I hope you are here
next year, to be our
Teacher

a student
Sherry McDonald.

Dedication

During this past year a significant step was taken by the voters of Community Unit School District #3 to see that its students got a better, well-rounded education in our unit schools.

On May 18, 1963, a tax referendum for the increase of the school tax rate was brought before the people. The people of our district saw the need to pass this tax referendum for the support of our unit's schools, bearing this greater financial burden so that the education of each child would be better through newer and better teaching techniques, new books, new equipment - all of which are essential for the education of our youth.

Because of their forethought of the future, we, the Annual Staff of Crab Orchard High School, dedicate the 1964 Trojan to you, the responsible citizens of our unit who have taken a great and necessary step toward better education.

Principal's Message

Another year has passed and each student of COHS finds himself or herself a year closer to some significant decisions. These decisions must be well considered and prepared for as they may involve making a living, selecting a vocation, and other equally important factors.

I would like to direct the following questions to each student to consider individually: What will you do after completing your high school education? What have you done or what are you doing to prepare yourself for this future? Are you being honest with yourself and utilizing your full capacity to the achievement of your goals?

I sincerely hope that each of you can answer each of these questions to your own satisfaction.

Sincerely,

HERMAN E. STETTLER, Principal

This year, for the first time at C.O.H.S., a selection was made by the faculty of the five most versatile students in the school. Their choice was made on the basis of the students' leadership ability, cooperation with the faculty and fellow students, participation in school activities, service to the school, and scholarship.

During their years at C.O.H.S., these select students have demonstrated their versatility through leadership in student council activities, school yearbook and newspaper work, class administration, athletics, and scholastic achievement. All this, combined with the utmost cooperation in a true spirit of service to the school, reveals them to be highly deserving of the honor bestowed upon them.
